## Readin', Ritin', Rithmetic or Runnin', Rasslin', Recess

By Leighton C. Taylor

With mounting school system budgets, and bond issues so large in some instances as to be incapable of flotation, taxpayers in many states (my attention has been called particularly to those in Pennsylvania and New York) are beginning to wonder just what they are paying for, whether for a real estate and recreation project, or an educational program designed to fit their children for the responsibilities of citizenship, and with ability to earn a livelihood for themselves and their prospective families.

It is only fair to say, of course, that the average taxpayer is in sympathy with any movement or suggestion looking toward an improvement in our public school system, but as a prudent man, he is naturally concerned with the type and character of the product now being "turned out" by what impresses him as a rather costly undertaking.

### Must Realize Fundamentals

No matter how glowing the picture we paint of school modernization — physical equipment and streamlined curriculum — the fact remains that certain fundamentals

## Painting Of Christ In Gethsemane Will Be Dedicated In Salem EUB Church On Sunday

A painting of Christ Gethsemane, placed behind the pulpit in Salem EUB Church, Guldens, by the Fellowship Circle, will be dedicated Sunday evening at 8 o'clock. Rev. Bernhard Fogle, of Frederick, Md., a student at Bonbrake Theological Seminary, Dayton, Ohio, will be the guest speaker. The service will conclude a project started by the Fellowship Circle shortly after the installation of the present pastor, Rev. Leon L. Desenberg, last October. The painting, seven by ten feet in size, is a copy of the work by Hoffman, and was done by the Dr. Rev. Dr. C. Guy Stambaugh, pastor of First EUB Church, Duncannon, Pa.

### Interesting History

Salem Church has an interesting history covering well over a century. It had its beginning in a Sunday School established by John H. Miller, pioneer huckster and storekeeper of Mount Pleasant Township. The Sunday School was organized in 1835 and met in the loft of a wagonshed on Mr. Miller's farm. Mr. and Mrs. Miller died before a church was erected. They are buried beneath a clump of boxwood directly back of the pulpit of the present church.

The first organization of a congregation was effected in 1840, and the first record of a minister for

Salem EUB Church

this group is that of the Rev. Benjamin Speck who served the congregation in 1842-43.

A church was erected in 1856. The building was of native stone, had two front entrances and a low partition separating male and female worshippers. Much of the material and labor was furnished by the members of the congregation.

The second church building was

erected in 1888 and dedicated in November of that year. The pastor was the Rev. D. W. Sollenberg, and the dedication services were presided over by Bishop N. Castle.

This church was described as "the finest rural church in the Pennsylvania Conference" of the (then) United Brethren in Christ (Please Turn to Page 6)

## Thank You

June 26, 1953

Gettysburg Times  
Carlisle St.  
Gettysburg, Pa.  
Gentlemen:

The Gettysburg Rotary Club and the Gettysburg Riding Club wish to take this opportunity to thank you for the excellent paper coverage that you gave our recent Horse Show. So often your efforts are taken for granted, and no doubt, are not rewarded by even a simple thank you. This is probably as it should be because the "Times" is so much a part of our community that we only note the errors. Like the aching tooth we never stop to think how important teeth are until one "sets up a tune." We are not waiting that long to appreciate your work.

We believe we had a right creditable show for this our first venture and we are hoping to report the project next year.

Sincerely yours,

## HOSPITAL NEEDS TO BE STUDIED BY COMMITTEES

The executive committees of the Warner Hospital and the medical staff were authorized by the directors of the hospital to make a study of the future requirements of the institution and to consult with competent hospital engineers and experts.

The action came at the conclusion of the annual board meeting Friday evening, in the Musselman Memorial Annex, after various needs of the hospital had been presented to the directors.

Rapid growth of the X-ray department and expanding needs of surgery and the dispensary were agreed to be matters that will have to be remedied within the next few years. Obsolescence of the original building and the absence of rooms with bath and adequate bath facilities were additional factors in the board's determination to inaugurate studies of future requirements.

The subject has been under discussion for a considerable period and in directing the executive committees of the hospital board and of the medical staff to inaugurate studies, the hospital directors expressed the belief that the matter is too important to be left unconsidered until the need becomes urgent and immediate. The board made the following statement:

"We believe the duties of our trusteeship require that future needs be determined and that steps be taken to finance and to provide for these needs before they become urgent and immediate."

"We will probably be all right for the next two or three years, but sooner or later the growth of X-ray, surgery and dispensary will compel expansion and we should be prepared with plans and finances to do what must be done at that time."

By ROBERT B. TUCKMAN

SEOUL (AP)—South Korea's President Syngman Rhee was described as "very happy" today following a 40-minute secret conference with a special truce emissary from Washington and the top U. N. military commander.

Speculation mounted that the stubborn old statesman might accept an armistice.

No new conferences were scheduled. Most members of Rhee's Cabinet went into closed door session immediately after the session. Members of the U. N. delegation met at the U. S. embassy.

Rhee's price for accepting a truce has not been disclosed.

The board also voted to permit the Women's Auxiliary to operate a snack bar in the hospital and to slightly amend visiting hours.

### Two Agencies Cooperate

The physio-therapy department will be housed in the present metabolism suite, and is being set up at the instigation of the Adams County Crippled Children's Society, which organization, together with the Adams County March of Dimes Committee will contribute to the cost of the services of a full-time physio-therapist. The proposal has been unanimously endorsed by the hospital medical staff. The hospital has considerable equipment for the new department and by taking over the operation as a department of the hospital, with the support of the two local agencies, considerable capital expenditures will be saved and much broader services will be offered, board members said.

**At least two Chinese divisions—more than 20,000 soldiers—unleashed the assault on a 13-mile front on both sides of the Pukhan River, on the East-Central Front Friday night.**

**At one spot in the wild hills east of the river, the ROKs were forced back a mile and a quarter and were fighting desperately to hold. This Red gain was second only to the two-mile bulge the Communists punched in Allied lines in month.**

## Brownies Present Three-Ring Circus At Camp Little, With Clowns, Dancers And Singers

A three-ring circus presented by Brownie Group No. 2, was a highlight of the program which climaxed the week's activities of Camp Little Day Camp, attended by approximately 100 girls from this community this week, on the grounds adjoining St. John's Lutheran church. The program was held Friday afternoon and was attended by parents and friends of the scouts.

The program was divided into five parts, according to the various groups and the activities of each under their chosen name. Following an introduction by Mrs. Joan Wilt, camp director, the Gypsies, who were the smaller Brownies appeared in costume, to entertain with a red handkerchief dance and a gypsy song. This group, whose unit leaders were Mrs. Paul Luckenbaugh and Mrs. Paul Morehead, also enjoyed a cookout on Tuesday at noon.

**Tight-Rope Walkers**  
The three-ring circus was next on the program. Ring 1 presented tight rope walkers Donna Rabenstein, Nancy Ruggles, Grizelda Hahn and Donna Koontz, and clowns Brenda Hollinger and Wanda Morelock. The center ring was occupied by six Hawaiian dancers, who during the week made their grass skirts from the comic sections of the newspapers, and their leis from bright colored crepe paper. The dancers were Linda Helbride, Sandra Hawk, Linda Strevig, Susan Reaver and Jane Wanz. They danced to recorded music.

The fat lady, in the person of Janet Kress, also occupied the center ring.  
Ring 3 presented acrobats Laura Rang, Dianne Redding, Jacqueline Morelock, and Barbara Sentz; monkeys, Mary Louise Myers and Joyce Rinehart. All the circus performers joined in group singing. Carolyn Shildt was ringmaster. Mrs. John Forry and Mrs. George Strevig were unit leaders for this group, which enjoyed a coffee can cook out on Wednesday at noon.

adult supervisors. They also enjoyed three cook-outs during the week. No. 2 intermediates were "bums" and presented a skit dramatizing the activities of the typical hobo and sang appropriate songs. Mrs. John Stambaugh, unit leader, camped out overnight with this group on Thursday. With them were troop aides Laura Stock, Nancy Trump and Charolyn Groff. They also enjoyed three cook-outs.

### Display Of Crafts

The senior troop, who designated themselves to be "weary workers," sang group songs. Dolores Harbaugh was unit leader. The members of this troop served as aides to the other groups throughout the week. The program was concluded with brief remarks by Mrs. Hildah Arter, day camp coordinator, and group with singing.

There was a display of the arts and crafts made during the week, including basketry, sit-upons, leather work such as pencil cases and coin purses, pencil sketching and other articles which the girls made. ### Change Closing Hour

In establishing 8:30 o'clock as the evening limit on visiting hours, instead of the prevailing hour of 9 o'clock, the directors took recognition of the inability of the nursing staff to prepare all patients for the night in the short period between the old hour and the start of the night shift of nurses.

Under crowded conditions and in periods of stress, visitors may be requested to leave after 8 o'clock so as to enable the nursing staff to adequately serve all patients and enable physicians to make their night rounds.

Resolutions of thanks were adopted to John S. Teeter for the gift of a water conditioner and to the Exchange Club of Gettysburg for erection of a sign on the hospital grounds.

By Leighton C. Taylor

(Continued from Page 1)

or she is capable; without these three no one can be said to be truly educated."

Officials of corporations and businessmen generally have found that teaching of the Three R's has broken down completely, and this has been confirmed by the experience of our recruiting service in World Wars I and II, and the Korean action. Businessmen have been compelled to employ supervisors to instruct public school graduates in the simplest principles of grammar, spelling and punctuation before giving them employment.

In the armed services (forgetting the outright illiterates unable to read or write), thousands of recruits could not spell the simplest words in current use, nor construct a simple paragraph of intelligible prose, or give anything like a coherent account of American history; and their ignorance of geography was appalling.

### Three R's Replaced

The Three R's, reading, writing and arithmetic, and kindred subjects, have in large measure given place to so-called progressive education and experimentation — to original thinking, self-expression, and activity programs. Much of this progressive, self-expression education, as the writer sees it, is covered by "Runnin', Rasslin', and Recess."

With jolly, care-free bus rides through the country-side observing the habits, customs, and love-life of birds and the bees, and the locusts when they deign to visit us; enjoying deliciously prepared free lunches, and attending brief study periods punctuated by generous recess intervals, we next find these self-expression youngsters again on their school buses ready for a crowded extra-curricular schedule — band practice and concerts, baseball and basketball contests, amateur theatricals, picnics, parties, and dances.

### What Time For Study?

With all of this diversified activity, coupled with home-work prohibition, how in the world can these boys and girls compose themselves long enough in any one place, whether in classroom or elsewhere, to concentrate and thoughtfully study any assigned subject? With the above in mind, this thought occurs: Would Lincoln have striven to reach the heights under such conditions? I doubt it. He would have concluded he was having it pretty soft, and would let well enough alone.

A glaring fault with so-called progressive education is that it puts the cart in front of the horse. For example, Johnny, aged 9, came home with a typical report card from one of the reputed progressive schools. His father noted that Johnny was given 45 in reading, 35 in writing, and 42 in arithmetic. "Advanced" Thinking

"Why this is terrible!" said the outraged parent, "terrible! terrible!" "Oh! but turn the card over and read what's on the other side," said Johnny proudly. On the other side was this line: "Postwar planning 98!"

And Dorothy Thompson tells us that a high school pupil wrote her (in a letter with four misspelled words) asking: "I am to discuss 'How can we win permanent peace with national and personal freedom.' Please give me your answer." Miss Thompson says, "If I knew the answer to that one I would indeed be unique."

Another pupil wrote in misspelled, garbled English, "I am to discuss 'British versus American procedures of justice.' What do you think?" "I could not properly answer that youngster," declares Miss Thompson, "without much research and some expert knowledge of law, but this doesn't bother Tom, Dick, and Mary, or their progressive education teachers."

### Mother Disgusted

An indignant mother, disgusted with the self-expression theory, writes:

"My daughter, now 21, is out of school. When she reached Fourth Grade her progress was so disappointing that I sent her to a private school so that she could really get an education. All of this self-expression has developed a generation of impractical, deficiently educated young men and women, with no working knowledge of fundamentals and basic principles the teaching of which should be compulsory in our public schools.

"To cite one example of this new-fangled system, that of learning to count: Children nowadays are taught nothing about addition, subtraction, multiplication, and division. Oh! no; they must count beads on strings, or bounce rubber balls up and down. And they mustn't go above the number five for a year or two, because that would strain their dear little brains. I think the sooner our elementary and grade schools get back to the old-fashioned Three R's, and the right kind of discipline, the better off we will be."

### Funny But Serious

"The Original Thinking" suggestion for grade and high school students would be amusing were it not so serious. Wouldn't it be well, in this day and age especially, if these young Americans, before attempting too much original thinking on their own account, would try to familiarize themselves with some of the original thinking of our forefathers who established for them a nation in which they enjoy greater privileges and opportunities than are available anywhere else in the world? A good beginning would be the Mayflower Pact, the Declaration of Independence, Constitution of the United States, Bill of Rights, Washington's Farewell Address and Lincoln's immortal pronouncement at Gettysburg.

### The Real Objective

Supplementing these, Charles A. and Mary Beard's Basic History of the United States, together with a readable civil government text, would be invaluable. A careful, reflective study of these books and documents would stimulate and promote a patriotic appreciation of the sacrifices that have been made, in blood and treasure, for them and

## NAWAKWA WILL OBSERVE 25TH ANNIVERSARY

The 25th anniversary of the founding of Camp Nawakwa, Lutheran leadership training camp near Arendtsville, is being observed this year with special Sunday evening services closing each camp, the Rev. Reginald W. Deitz, camp director, said today.

Because each camp will mark a 25th anniversary, it was decided to hold the series, rather than have one program marking the establishment of the camp 25 years ago by the late Dr. M. Hadwin Fischer, of the Gettysburg Lutheran Theological Seminary, Mr. Deitz said.

As a result, all of the more than 2,200 campers expected will have an opportunity to share in the anniversary, he added. The 2,200 figure will be the largest in the history of the camp. Last year 1,960 youngsters attended, and an additional week was added to the regular camping period this year to take care of the increased enrollment.

### Anniversary Speakers

Among those who will speak at the special Sunday evening anniversary services will be Dr. Abdel Ross Wentz, former president of the Gettysburg Lutheran Theological Seminary; Dr. Harvey D. Hoover, of the seminary, president of the board of directors of Nawakwa; Dr. Dwight F. Putman, president of the Central Pennsylvania Synod, and Dr. George Berkheimer, secretary of the synod and former Arendtsville pastor.

Dr. Robert Fischer, son of the founder of the camp, will be the

children to come.

Preparing young Americans for the role of enlightened and forward-looking citizenship is our most time-ly and important objective. Every boy and girl should know and understand the history of his and her country, and how its government functions. The school is the logical place for such training.

I believe I am safe in saying that this training should be emphasized and expanded in the grades as against abstract, elective subjects not relevant or pertinent.

Coming back to our old friends, the original Three R's, they are the foundation stones on which must rest all higher education. It is still true that "Reading maketh a full man; writing an exact man, and arithmetic an analytical man," and there can be no substitute for them.

speaker at a special service to be held at the camp this Sunday morning.

A total of 274 were present for the Junior Girls camp held June 15 to 22. The present camp, ending Sunday, totals 272 junior boys. The camp for intermediate boys starting Sunday night has an enrollment of 278.

Similar enrollments are scheduled for the other camps, ending with the Senior boys group from August 18 to 31.

### Improvements To Pool

Major improvements at the camp this year has been the placing of a concrete lining in the swimming and the installation, which is being made at the present time, of a \$10,000 chlorinating and filtering system for the pool.

The camp programs include a number of activities, ranging from the religious to a study of nature. They include such things as Bible study, swimming, missionary heroes, nature, daily Christian living, crafts, recreational leadership, Christian worship, missionary education, the life of Jesus, ways of teaching, Luther League methods, dramatics, counseling, evangelism and social problems. For the junior, who are youngsters who have completed the fourth or fifth grades in school, the Bible instruction is elementary, nature appreciation, crafts and swimming. The courses increase in number and complexity through the senior camps for youths of high school age.

### Members Of Staff

Associate directors for the camp include Mrs. Theodore Schart, Columbia, for junior girls; Rev. Cletus Senft, Narbert, for junior and intermediate boys; Miss Isabelle Hoover, Carlisle, for intermediate, junior and senior girls; Miss Margaret Beard, Highspire, for senior girls; Rev. Dr. Harry Saul, Carlisle, for senior boys, and Rev. Joseph Inslee, Philadelphia, junior and intermediate boys.

Among staff members are the Rev. and Mrs. Robert Sternat, Goodyear, who will be at camp for the next two weeks; Dr. Harold Dunkelberger, Gettysburg, who will be an instructor next week; Thomas Sinn, Gettysburg, who is serving as bookkeeper; William Howser, Gettysburg, cook; Daniel Gilbert, Arendtsville, and Carl Westerdahl, Gettysburg, ground crew, and Elsa Miller, Biglerville R. D., kitchen.

## ROADS

Good roads across the nation lie. On all who drive they ease the strain.

In valleys and on mountains high Few dangerous hazards now remain.

And well it is that this is so, Since traffic moves at swifter pace Than that at which men used to go With horse and rig from place to place.

But still the way for youth is far And often slow the pace appears. Still unimproved the highways are From place to place throughout the years.

And this is true, and true will stay: Life's dangerous pitfalls still remain.

No good road runs from day to day. Youth still must plod his goal to gain.

By GEORGE MATTHEW ADAMS

## MOTHER EARTH

The book of nature is so great that it touches life in all its aspects. We owe more to the good earth than we ever realize. I was intrigued at the dedication of "The Roadmender," by Michael Fairless. The author said: "To my Mother, and to Earth, my Mother, whom I love."

I would feel lost in a world too complex and full of riddles did I not each year spend a portion of the delightful summer days far from the noises and competitions of city life and retire to the forest, with great pines and hemlocks about me and with sunsets, mossy paths, and the friendly song of winds and waters to cool my spiritual brow!

Mother Earth—and what a mother she is, to bird, beast, and man! There is always some spot to which to retire, if only for a few moments at a time, where there are peace and assurance to build within us new resolves and continuing hope. Mother Earth always has her arms outstretched. She has comforts to offer that are unique.

I can imagine what went through the mind of Richard Jefferies, the English nature writer, as he threw himself upon the cool grass and composed in his mind that beautiful book of his, "The Story of My Heart." And he started to write with these words: "My heart was dusty, parched for want of the rain of deep feeling; my mind arid and dry, for there is a dust which settles on the heart as well as that which falls on a ledge."

There is no word in any language as sacred as that of Mother. Mother, the creator of all continuous life. And Mother Earth is ours for all the years in which we live, and far beyond in our eternal sleep within her arms. Within her great expanse are all the treasures about which any of us knows, as well as mysteries and revelations about which we now know nothing.

Mother Earth—ground of the hunter, home of the wandering beast, shelterer of birds, and gardener to flowers, herbs and trees, watered from the dips of the clouds. Mother over all!

# Manslaughter Plea Is Denied By Court

PHILADELPHIA (AP)—The conviction and sentence of Alfred L. Sallade, 32, on involuntary manslaughter charges in the shotgun death of Charles Van Pelt, 19, was upheld yesterday by the State Supreme Court.

Van Pelt, of Rosemont, Montgomery County, was shot while he and three friends—one of them Erwin Bergdoll, 17, son of Grover C. Bergdoll, World War I draft dodger—were on a camping trip near Cherry Springs Airport in Potter County. Bergdoll was wounded.

Sallade admitted firing upon the youths whom, he said, he thought were prowlers. He was sentenced to four to eight years in Western State Penitentiary.

The appeal claimed errors in the trial and failure of the indictment to sufficiently define the crime. Justice Michael A. Musmanno wrote a dissenting opinion.

# TAX EXTENSION VICTORY SEEN FOR EISENHOWER

By CHARLES F. BARRETT  
WASHINGTON (AP)—President Eisenhower appeared to be gaining the upper hand today as the House neared a floor showdown in his struggle to extend the excess profits tax.

Interviews with a score of leaders on both sides of the issue showed a general belief the President would win, after a fight that was certain to be bitter and could be close.

But a few had their doubts. A hard fighting band of ways and means committee members, led by Chairman Daniel A. Reed (R-NY), girded for a hot protest against the administration move.

**Fight On Procedure**  
The closest battle, scheduled Monday, was over procedure rather than over the President's tax proposal itself.

Eisenhower has urged a six month extension of the controversial tax.

The levy died next Tuesday, but can be extended retroactively. For almost a century and a half, the ways and means committee has started all revenue bills through Congress. But when the 78-year-old Reed slammed the door to a vote on the Eisenhower proposal in his committee, the administration resorted to the drastic maneuver of forcing it to the floor by a 7-4 vote of the House Rules Committee. The rules committee normally clears bills to the floor only after they have been approved by legislative committees.

**Seeks Democratic Votes**  
In the first test Monday, the House will decide whether it approves this procedure and agrees to take up the tax bill for action. Both sides concede the bill will pass if it clears this hurdle. Reed, oldest Republican in continuous service in the House and a stout foe of the "New Deal," found himself banking chiefly on Democratic votes on the issue. He prepared to try to overturn what he called a high handed and unconstitutional procedure.

# Drought Aid For Southwest Promised

LUBBOCK, Texas (AP)—Secretary of Agriculture Benson told drought-harassed farmers of the Southwest today the government will act to save cattle needed to maintain foundation herds for future beef supplies.

Stating a shortage of feed was forcing many livestockmen to sell herds, the secretary declared it would be "a calamity for the whole country if foundation herds were forced into liquidation."

"You need feed, and we want to help you get it," said the Cabinet officer in a speech prepared for a meeting of the American Cotton Congress.

Benson came here yesterday to address the cotton group and to check on a drought that has been described as the worst in the history of the Southwest.

# DUFF, TAYLOR MEET GOP CHIEF

WASHINGTON (AP)—Two key Pennsylvania Republicans met with the national GOP chairman yesterday and discussed Keystone State politics—but the nature of their talk remains a secret.

Sen. James H. Duff (R-Pa.) met with M. Harvey Taylor, Pennsylvania Republican chairman, and National GOP Chairman Leonard W. Hall. Following the talk, Duff said: "My only comment is that we weren't talking about the weather. Of course, we were talking about Pennsylvania politics."

What Taylor, who is also a Republican national committeeman, had to say was even less revealing. "It was a very pleasant talk between a state chairman and a national chairman," he said.

Hall could not be reached for comment.

One of the topics that may have been discussed was the possibility of Duff becoming a candidate for governor of Pennsylvania, a post he held before his election to the Senate.

A number of Pennsylvania Republicans have been urging him to run but so far Duff hasn't committed himself.

## Yanks Give Game To Indians For Fifth Loss In Row While Dodger Homers Defeat Braves

By BEN PHLEGAR  
Associated Press Sports Writer

When even the Cleveland Indians can beat the Yankees maybe it's time to take this five game New York losing streak seriously.

Every other American League club had defeated the Yankees this season. But in seven games the mere sight of a New York uniform caused the second place Indians to roll over and play dead. So what happened last night?

The Yankees threw the ball around in the first inning like fugitives from Class D and presented Cleveland with four gift runs.

Such generosity couldn't be overlooked, even by the Indians, and Larrupin' Larry Doby and righthander Bob Lemon made sure it didn't go to waste.

Doby parked a pair high up into the seats in the third and fifth innings and only a do-or-die ninth inning two-out homer by pinch hitter Johnny Mize saved the Yankee from their third shutout of the year. Mize's blow was the last of only five hits off Lemon. The final score was 7-2.

**Lead Out To One**  
Over in the National League the pace setting Milwaukee Braves continued to have their troubles, too. They put up a much stiffer fight than the Yankees but bowed to their second place rivals, the Brooklyn Dodgers, 4-3, on a pair of two-run homers by Duke Snider and Gil Hodges. They now lead the Dodgers by only one game.

The St. Louis Cardinals, likewise, are edging up on the Braves. They took over third place from Philadelphia by beating the Phillies, 7-0, and are 2½ games behind. Cincinnati won a twilight-night doubleheader from Pittsburgh, 8-4, and 4-1, and the New York Giants defeated Chicago, 9-6.

A losing streak of five isn't too unusual but it is a little amazing in the case of the Yankees because they haven't lost any more than that in a row since Casey Stengel took over as manager at the start of the 1949 season.

In less than two weeks the Yanks have frittered away 3½ games of their league lead and although they still own a substantial eight game bulge over the Indians the pennant runaway is beginning to look less and less like a one horse race.

Even if the Indians falter, the Chicago White Sox — only half a game behind Cleveland — show definite indications of being ready and willing to take up the challenge.

Fresh from a three-game sweep over New York, the White Sox whipped Boston, 5-3, last night. Philadelphia snapped a four-game St. Louis winning streak, 6-5, and Detroit beat Washington, 7-3.

Stan Musial, whose bat has been as hot as the weather the past week, drove in five runs with two homers and a double as Stu Miller blanked the Phillies on three hits for his second victory.

**Two For Reds**  
Ted Kluszewski starred in Cincinnati's double triumph, blasting a home run in each game to take over the National League lead with 21.

The White Sox spotted Boston three runs in the first two innings, then rallied for four in the seventh as Nellie Fox and Sherm Lollar doubled and Tom Wright delivered a pinch hit triple.

The Senators lost to the last place Tigers were their sixth straight this week.

## Enter Finals In NCAA Golf Tourney

COLORADO SPRINGS (AP)—William Williamson of North Carolina, competing in his last major golf tournament before entering the service, met Earl Moeller of Oklahoma A. M. today for the 56th NCAA championship.

Williamson, who completed college this year and will be drafted into the Army in August, advanced to the finals on a 1 up semi-final victory over the favorite—Marion Hickey of North Texas State yesterday.

Moeller disposed of William Penn of Texas University by the same margin in the other semi-final match.

Play for the crown will be over the 36-hole route on the par-70 Broadmoor Course which rambles over 6,622 yards at the base of Cheyenne Mountain.

### FANS FAVOR KINER

CHICAGO (AP)—Ralph Kiner of the Chicago Cubs has regained the National League lead in batting for the left field position in the annual All-Star baseball poll. In the latest tabulation today, Kiner went ahead of Stan Musial of the St. Louis Cardinals 306,544 votes to 301,202.

Bonneauville pulled to within half a game of the league-leading Taneytown team in the South Penn Baseball League by blanking Hunterstown 7-0 Friday evening at Hunterstown.

Although the winners made but three hits, they made good use of bases on balls off Miller and Heyser to register their victory. Miller and Heyser also combined to strike out 15 batters. Sneeringer and Shanesbrook formed the winning battery with the former keeping the Hunterstown sluggers well under control.

## Husband And Wife In Archery Finals

SPRINGFIELD, Mass. (AP)—The husband and wife team from Boonton, N. J.—Lloyd and Anne Corby—entered the sectional championships in their respective divisions in the Eastern Archery Association's final round of individual shooting yesterday.

Lloyd scored 2,840 points during the four days and his wife, last year's eastern winner, totaled 3,362.

Among the top male scorers was Ernest Lehmer of Harrisburg, Pa., with 2,647 points.

## Seixas Gets Tough Tennis Test Today

WIMBLEDON, Eng. (AP)—As the tennis mills grind on at Wimbledon today, Vic Seixas — stylish Philadelphia whose game grows in stature—comes to his first serious test.

Seixas goes on the famed center court against unseeded George Worthington, hard hitting New Zealander, in the feature match of the day.

Judged on his play thus far in this tournament, Seixas should move forward as the favorite to take the unofficial world's singles title.

He's seeded second behind 18-year old Ken Rosewall of Australia. But Rosewall looks tired and over played. His errors per match have increased with each match.

## Slaybaugh Pitches One-Hitter For Y. S.

A one-hit pitching performance by Paul Slaybaugh who also fanned eight batters featured the 9-2 victory gained by York Springs over Plainfield Friday evening in a Bi-County League game at York Springs.

In other games Lisburn topped White Hill 3-2, Centerville defeated the Blue Raiders 5-1, and Mt. Pleasant gained a forfeit from New Kingston.

## Idaville Upsets Mt. Holly Team 4-2

Bill Fuhrman stole the show as he hurled Idaville to a 4-2 victory at Mt. Holly Springs Friday evening in a Cumberland County League game. Fuhrman gave up but four hits, poled a double and single to bat in two runs and tallied another himself.

The Shippensburg Legion took over first place in the league by edging Neville 3-1.

**WILLIAMS COMING HOME**  
WITH THE FIRST MARINE AIR WING, Korea, (AP)—Marine flight surgeons have ordered baseball star Ted Williams to the United States for treatment of an ear and nose ailment, a Marine Corps spokesman said today.

Williams, pilot of a Marine Pantherjet, was grounded after his 38th mission June 10. The spokesman said the Boston Red Sox slugger would leave for the U. S. within a few days.

Kim Turner, pitching coach of the Yankees, won 20 games for the Boston Braves in 1937, his first year in the majors.

## SANTEE SEEKS 4 MINUTE MILE

DAYTON, O. (AP)—Wes Santee, Kansas' great galloper, may track down the "impossible" four-minute mile today as the record book faces another battering in the closing session of the 65th National AAU Track and Field Meet.

Competition starts at 1 p.m., EST.

In last night's opening 10-event program, three meet marks were toppled and two tied, almost an automatic procedure as competition returned from metric to yardage distances for the first time in 22 years.

Santee is in fine fettle for a chase after the four-minute mile that has eluded even the great Scandinavian distance runners. Since June 5, the long-legged 21-year-old Kansan has recorded the two fastest miles ever run by an American, 4:02.4 and 4:03.7.

Santee's coach, Bill Easton, says Santee will be out to make a "good showing" in today's mile to clinch a berth on an AAU unit that leaves next week for a tour of Norway and Sweden.

Olympic veteran Mal Whitfield who last night hung up a new 880-yard meet mark of 1:51.5, may join such able milers as Fred Dwyer and Warren Dreutler in pursuit of Santee. The previous best time was Edwin Genung's 1:52.6.

## GRIMM SHIFTS BATTING ORDER

MILWAUKEE (AP)—Charley Grimm made his first major league batting order shift of the season today in an attempt to shake his skidding Milwaukee Braves out of their hitting woes.

The stocky skipper slumped in the corner of the clubhouse last night after a 4-3 loss to Brooklyn which cut his club's first-place margin over the Dodgers to one game.

"Yeh, I'm making a change," he barked. "(Del) Crandall will bat second and (Johnny) Logan eighth tomorrow night. That's all."

The move reverses the positions of the two players in the hitting lineup for the second of the three-game series. Crandall, the sensational young catcher, currently is the only regular hitting over .300. Shortstop Logan is under .250 and was removed for a pinchhitter in the ninth inning against the Dodgers last night.

## NEW BETTING BILL PLANNED

HARRISBURG (AP)—Sen. John H. Dent, Democratic floor leader, says he will introduce a bill—probably with bi-partisan support—in the Senate that would legalize pari-mutuel horse race betting in Pennsylvania.

Dent said yesterday he was drafting the measure and would put it before the Senate when that body reconvenes July 6. The measure will probably carry a provision for a statewide referendum on the plan before it would go into effect, Dent said.

Sen. G. Robert Watkins (R-Delaware) said he would "gladly co-sponsor such a measure," when informed of Dent's plans.

"And I think it might have a good chance of passing the Senate," Watkins said. He owns a string of thoroughbred horses.

With the state getting a share of the betting at privately owned tracks, some 35 million dollars a biennium would be produced for the commonwealth, Watkins estimated. He suggested that the money be earmarked for educational purposes.

Other Senators, however, didn't give the pari-mutuel plan much of a chance of passing in the current session. Sen. A. H. Lettier (R-Clearfield) for legalized race betting in Pennsylvania.

He is chairman of the Senate Law and Order Committee to which the proposed bill would undoubtedly be sent for consideration.

The House Law and Order Committee, meanwhile, may meet next week to consider a sub-committee's report on the pros and cons of horse racing in other states, said Chairman T. Luke Toomey (R-Perry). Toomey's group has a similar pari-mutuel bill under consideration.

## GIARDELLO WINS OVER DURANDO

NEW YORK (AP)—Joey Giardello found Ernie Durando so easy that now the 22-year-old Philadelphia middleweight is talking about a title shot.

"We beat Durando easier than Paddy Young did," said Tony Ferrante and Carmine Graziano, his co-managers, in the dressing room after last night's decisive victory at Madison Square Garden. It was hard to tell who was talking, they both were so excited.

"If Bobo Olson don't want to fight Randy Turpin, we'll take it," they said. "We want the title. We're going to see Christenberry."

Christenberry, of course, is Robert K., chairman of the New York State Athletic Commission with whom the Giardello troupe has more than a passing acquaintance.

It was Christenberry's famous "reversal" in a fight between Giardello and Billy Graham last Dec. 19 that finally brought a Supreme Court order restoring the victory to Giardello.

## PET SHOW HELD AT PLAYGROUND

Approximately 40 children entered their pets in the annual Pet Show held on Friday afternoon on the playground as a special activity of the summer recreation program. Many boys and girls of the community, along with parents and friends witnessed the show.

Judges for the contest were Mrs. Kay C. Sentz and Clayton L. Evans, playground instructors.

**Plans For Next Week**  
During the morning sessions of the coming week, the children are asked to bring a smooth stone or rock which will be painted and used as a paper weight or door stop. They should also bring brushes to use for the painting if possible. Near the end of the week, boys and girls desiring to make tin can plant holders, should bring a can and paint brush along to the playground.

The special event for next Friday afternoon will be a Decorated Umbrella Contest. Children are urged to participate by decorating an old umbrella for the event. There will be prizes for the most attractive, largest, smallest, cleverest, most unique, most unusual and funniest. The Ladies Aid Society and Consistory of St. James' Reformed Church will hold their monthly meeting on Monday evening at 8 o'clock at Spoon Hill, near Union Mills, with the pastor, the Rev. Edward R. Hamme, Mrs. Ada Wilson and Mrs. Alice Smith comprise the program committee. Mrs. William Fisel and Mrs. Harold Krichen will serve as hostesses.

**Jones Is Favored To Defeat Womber**  
SYRACUSE, N. Y. (AP)—Ralph "Tiger" Jones will be favored to night when he climbs through the ropes for his third bout with Danny "Bang Bang" Womber.

But Womber, backed up by a non-title decision over welterweight champion Kid Gavilan, is confident he will surprise the dopests in the nationally televised 10-rounder.

Jones, a 25-year-old middleweight from Yonkers, was expected to weigh in at about 153 to Womber's 150.

The bout will be televised by ABC, but the upstate area will be blacked out.

## Veteran And Bonus Baby Beat Barons

By The Associated Press  
Veteran Charley Haag and bonus baby Dave Sisler are two good right-handed reasons why the Albany Senators are back in the first division of the Eastern League.

Haag held the visiting Wilkes-Barre Barons to four hits and beat them, 3-1, last night in the first game of a doubleheader. Sisler gave up seven hits in a seven-inning tour to win his fourth victory, 5-2.

The triumphs and the Elmira Pioneers' 4-3 loss to the Williamsport Athletics hoisted the Senators into fourth place. They had been in the second division since early in the season.

In other games, the Binghamton Triplets whipped the Scranton Miners, 8-2, and the first-place Reading Indians beat the Schenectady Blue Jays, 4-0.

George Fair stopped the usually strong-hitting Legionnaires with four hits.

## SHIFT PUPPET REGIME TO STOP GERMAN RIOTS

BERLIN (AP) — East Germany's Russian puppet regime set up what looked like a substitute government Friday to speed sweeping reforms obviously designed to forestall further workers' rebellion against communism.

With apparent Soviet approval—perhaps given him as a last chance to survive—the East zone's satellite Prime Minister Otto Grotewohl announced formation of a special "operative commission" with full power to initiate and drive through measures designed to cool the fires of revolt by improving the lot of the common man.

The commission's job—the Reds said its makeup and size were still being worked out—was in effect to spin East Germany's wretched economy back towards capitalism.

Preliminary plans made public by the Grotewohl Cabinet Thursday night spelled the final collapse of the all-out communism drive that started last summer and rolled ahead relentlessly until it bumped squarely into the June 17 rebellion.

### Expand Food Supply

The Cabinet ordered the commission to:

1. Strip the government's reserve shelves bare of food and clothing, throwing everything available onto the retail consumer market. This wipes out the traditional Communist "state planning" system.

2. Slash appropriations for war-potential heavy industry by almost half and use the recouped government money for workers' housing, health and welfare improvements.

3. Junk the crop, livestock and food quotas which have forced many farmers out of business, compelled some of the best of them to flee to the West and burned deep fires of resentment throughout the agricultural belt. Reductions on delivery of cattle, milk, eggs, potatoes and other farm products up to 25 per cent, depending on the size of the farm.

4. Increase old age pensions and sick benefits.

5. Raise wages for workers who voluntarily hike their production, abolishing the speed-up tactics of the old compulsory work quotas.

## TAFT DISCOUNTS GOP 'SABOTEURS'

WASHINGTON (AP) — Sen. Taft (R-Ohio) today dismissed a contention that some Republicans are sabotaging President Eisenhower's foreign policy program with the smiling observation that "we seem to be getting along all right."

The Senate's majority leader declined to comment directly on a proposal by Chairman Wiley (R-Wis.) of the Senate Foreign Relations Committee that Eisenhower crack down on GOP "saboteurs and malcontents and gold-bricks."

But Taft made it plain he doesn't believe visible differences of opinion among Republicans on foreign policy matters will block any major international legislation.

### Hopes For Compromise

The Ohioan said he hopes the Senate can act speedily next week to approve a year's extension of the reciprocal trade agreements program and a \$5,318,000,000 foreign aid authorization bill.

Taft said he believes a compromise may be reached between Sen. Bricker (R-Ohio) and Eisenhower representatives on Bricker's proposed constitutional amendment which would restrict treaty making powers.

## WILL RESUME WAGE PARLEYS

PITTSBURGH (AP) — Westinghouse Electric Corp. will resume negotiations Monday with two of four unions seeking a pay increase.

They are the independent United Electrical Workers and the CIO International Union of Electrical Workers. Both have been offered a three-cent general wage boost plus additional increases of from one to eight cents an hour for higher skilled jobs.

IUE officials rejected the proposed increase. The UE met with Westinghouse Thursday to discuss

## NATHAN MILLER, NEW YORK, DIES

NEW YORK (AP) — Nathan L. Miller, governor of New York from 1921 to 1922 and one of the nation's leading lawyers, died yesterday at the age of 84.

Miller was general counsel for U. S. Steel Corp. and a director of the firm since 1925.

He had been active in his profession until last month when he fractured his hip and was confined to his residence at the Hotel Pierre. Miller defeated the late Gov. Alfred E. Smith to become governor of New York. Two years later the two ran again and this time Smith won.

The last Republican governor of New York until Thomas E. Dewey was elected in 1943, Miller retired from active politics after leaving the State House.

After that he devoted most of his time to law. In addition to U. S. Steel, he was counsel for such firms as the H. C. Frick Coal and Coke Company, Bethlehem Steel and Associated Gas and Electric.

## 205 Perish In Japanese Floods

TOKYO (AP) — Muddy rivers engulfed whole villages and chased the populace to the hills and rooftops on Kyushu Island today, as the known death toll in Southern Japan's worst flood of the century reached 205.

National Police headquarters listed another 644 Japanese missing and 611 hurt as flood waters from a three-day cloudburst crushed dikes and swept uncontrollably over the big southern island.

The offer but did not indicate whether it is acceptable.

The company made the same offer to the Federation of Westinghouse Independent Salaried Unions. Meetings are expected to be held soon with the federation to learn its answer and with the AFL International Brotherhood of Electrical Workers.

Church. It was built of brick, one story high, with a cellar for a furnace. It had a main auditorium and a wing for prayer and Sunday School. There were memorial windows and hardwood furniture. A steeple with a bell topped the building. The churchyard was enclosed with an iron fence. The total cost of the building was \$5,000.

The church was struck by lightning and burned June 19, 1904. People living nearby attempted to save the furnishings and were able to remove one of the organs from the building. Before anything more could be removed the bell fell from its anchoring, making it unsafe to re-enter the church. The organ saved from the fire was donated by the congregation to Camp Penn, at Old Forge, near Waynesboro. It has been electrified and now is installed in the camp chapel.

The present building was erected in 1904-05 and was dedicated Nov. 26, 1905. The pastor was the Rev. Charles E. Snook, and the dedication was in charge of Bishop J. S. Mills. This church has three rooms with beautiful memorial windows of the design and colors popular in churches built at the beginning of the century. The church was originally illuminated by acetylene lamps, but these were replaced by electricity fifteen years ago.

**Separated From Littlestown**  
Salem Church was originally attached to the Littlestown circuit of the United Brethren in Christ Church, but this union was dissolved in 1891. During this time 27 ministers served the church. From 1891 to 1952 Salem was attached to the local Memorial EUB Church. During this period 19 ministers served the congregation. In 1952 the church was designated as a separate part-time appointment with the Rev. L. L. Desenberg, of Emigsville, as pastor.

There are thirteen veterans of the Civil War buried in the church cemetery. Two of these, Jeremiah Blair and William L. Rinehart, died while serving with the Union Army. Walter J. Beamer, a minister of the United Brethren Church, served as quartermaster in the 21st Pennsylvania Cavalry. Another veteran was Capt. Charles C. Miller, well-known resident of Gettysburg, and father of Miss Carrie Miller, York St., and the late Norton Miller, former mail carrier in Gettysburg. Other veterans buried here are Lewis Batterman, Henry J. Bupp, John W. Carl, Henry Golden, James Griffy, Ephraim Howard, John H. McDannell, E. H. Reinhart, and William R. Thompson.

REG. U.S. PAT. OFF.  
by FREDERICK C. RUSSELL  
Member S.A.E.

There may be nothing new under the sun but there are a lot of rather fresh things on the road.

### That Hot Re-Start

Now that we are back to the annual problem of what to do about starting a hot engine perhaps you'd like to make a list of some of the things to consider and file it in the glove compartment. A too high float level will cause this sort of thing because it provides a too rich mixture. Percolating of the carburetor is another point to consider. The carburetor may be flooding because of a little dirt or lint caught under the needle of the float mechanism. A weak coil will also give trouble re-starting.

Of course, remember to open the throttle wide while you crank a hot engine. Don't pump on the pedal. And don't use the choke control, if it is a hand type.

### Encore For "Car Care"

If you have been having difficulty obtaining copies of my CAR CARE book I'm glad to advise that the publishers are putting another 50,000 copies on the newsstands July 7. Accustomed as they are to heavy sales the editors of Fawcett Books did not suspect that there would be so many motorists interested in knowing so many details about cars. What no one suspected was the desire of so many of readers of this column to supplement these weekly chats with notes, charts, and diagrams they could use for reference.

When Larry Elisinger, editor-in-chief of Fawcett books, phoned me the good news of the new edition I told him frankly that I believed it was due to the success of the book is due to the unusual job he and his staff did with illustrations. The pictures live. They lead you right into the subject. My friends in safety circles are cheering the new edition because they are keenly interested in having more drivers read the driving pointers which are packed into the book's last 19 pages.

My sincere thanks to all of you who have bought copies of CAR CARE. Those of you who have not yet looked over a copy, look me up at the newsstands.

### Out Of The Hopper

If the clutch is noisy when the pedal is up, the friction disc hub may be loose on the clutch shaft or the disc damper spring is broken. Relays may suffer from corrosion, as many a motorist has discovered when checking into the reason for lowered headlight efficiency. If they start to grunt, groan or leak fluid, replace those telescoping type shock absorbers. It is important to re-check valve tappet clearances on valve-in-head engines, after retightening cylinder head units.

### Mechanic Joe Speaking

"Backfiring through the carburetor may indicate a sticky intake valve rather than a too lean mixture in summer, although it is true that many a start in the current season is fairly cold. If the windshield wipers are operating at the time of a backfire they will kick back as further evidence that something is wrong. I would be suspicious of a too lean mixture. This leaning may not be due to incorrect carburetor metering. Often air gets into the mixture

through worn intake valve guides."

### Reading His Mind

That straddle-lane driver is more likely to be preparing for a right hand turn than one to the left, so watch your step. If he were about to turn left he would probably keep in the center lane because he knows the swing left is normally a wide one. Should he plan to turn right and keep in the right-hand lane, he probably would strike the curb or come close to pedestrians who step off the paving while waiting for cars to pass.

### No Gain In Leaning

It is always worth repeating that there is no real economy in a too lean mixture even if this gives high gas mileage on the open road on a warm day. When your car was designed its sponsors knew that you will have to use it under a variety of conditions. That's why you have low gears and reverse, a hand brake as well as service brakes, a choke to enrich the mixture for starting, a fan to cool the motor during idling and a thermostat to help the engine warm up when it's cold. The false economy of a too lean mixture includes warpage of valves due to the hotter flames, especially at higher speeds. There's a safety angle, too. You need a normal mixture for acceleration for emergency passing.

### The Spice Of Clutching

How there can be such a wide variation in the handling of so simple and commonplace a control as the clutch pedal is something that continues to intrigue observers of the motor scene. Some drivers let the clutch pedal up abruptly as they do everything else while at the other extreme we have those who actually keep slipping the clutch while trying to get maximum power from the motor. In between are those who handle the clutch in a wide variety of ways, including unnecessary double clutching, the fast engagement coupled with too little feeding of gas, too much throttle and too slow engagement, and various habits which are accompanied by attention to noises and the pedal's feel. "Babying" the clutch is one way to aggravate a lot of trouble that drivers are trying to get rid of, including chatter, grabbing, slippage and clutch noises.

### It Gets Our Nanny

You've heard the current yarns about the man who took his zebra to the movies and the horse that ordered a sandwich in the Ritz. Now we may as well hear the one about the fellow who took his goat to a Park Avenue showroom to buy him a special sports car. "But he wants a car with a very excellent radio and tape recorder," specified the owner.

"You mean this goat wants music," stammered the salesman.

### About Your Battery

Some things about batteries may escape your notice unless you

have spent some time around a battery shop and have had a chance to gather a few nuggets. One is the importance of voltmeter tests to supplement hydrometer readings. Another is the need for keeping the battery hold-down nuts secure but not so tight that they cramp and thus warp or crack the case. Proper tools must be used for removing and attaching connectors, pliers not being in high favor here. Something not usually suspected is that as posts and connectors are marred and worn to their base metal green or white corrosion will form unless parts are kept clean; and protected with a light wipe of petroleum jelly.

### What's Your Trouble?

Q. What determines whether a spark plug is a hot or a cold type? H. L. K.

A. Colder plugs have a shorter skirt than the hotter type.

Q. The engine of my car won't idle evenly. I have been careful to repeat the adjustment to the idling jets. Ignition has been checked. I had the valve tappets checked, too. J. J. R.

A. Sometimes this is due to air leaking in around worn intake valve guides. This leans the mixture too much.

Q. Are the 12-volt batteries difficult to locate because of size? Wm. L.

A. No. They are the same size as the 6-volt type.

Q. I am having trouble with the gas gauge which is very erratic. Either its pointer registers correctly or not at all, and there is no logic in the way it switches from one extreme to another. I have received a variety of opinions as to what's wrong. R. F.

A. You will probably find that the pointer is sticking under the glass of the instrument panel. Next time the gauge shows empty rap the panel with your clenched fist.

Q. Is there any average normal consumption of oil by an engine? I have had a number of views on this, but they seem to conflict. Some have told me that if the engine is in good condition it

WASHINGTON (AP)—The House headed today toward expected quick endorsement of President Eisenhower's plan to reorganize the Defense Department, but only after hot disagreement on key provisions.

Its unusual Saturday session was called to wind up debate after lengthy wrangling yesterday. The dispute centered around sections in the plan which would give the chairman of the Joint Chiefs of Staff authority to manage and pass on the membership of the Joint Staff, subordinate planning group.

The disputed sections were assailed as "a barefaced attempt to impose military domination on the American people," and defended as nothing more than a simple provision to pinpoint the chairman's responsibility for greater efficiency in military planning. There was no such argument over the rest of the plan.

Romeo and Juliet, by Tschakovsky; and "On Wings of Song," by Mendelssohn. He will accompany Miss Barbara Bream, Cashington, the soloist, who will sing "Through the Years," by V. Youmans; "O Perfect Love" by Burleigh; and "How Do I Love Thee" by Elizabeth Barrett Browning as arranged by Lippe.

### Chantilly Lace Gown

During the ceremony Mr. Bushman will play the "Wedding Prayer" by Dunlop. He will play the "Bridal Chorus" by Richard Wagner and the "Wedding March" by F. Mendelssohn.

The bride, who will be given in marriage by her mother, will be accompanied to the altar by her cousin, John M. Diehl. She will wear a white gown of imported Chantilly lace and nylon tulle over satin designed with a fitted bodice with a sweetheart neckline accented with a high scalloped lace collar. Her full-gathered skirt features a front panel of accordion pleats in nylon tulle while the back and train are of lace over satin trimmed with scallops. The long sleeves taper over the wrists and her finger-tip veil of tulle is attached to a Juliet cap trimmed with miniature orange blossoms. She will carry a white Bible adorned with a white orchid and streamers tied with stephanotis.

### Cascade Bouquets

Miss Anna Mary Diehl, McKnightstown, sister of the bride, will be the maid of honor, and Mrs. Allan Woolford, Benzonia, Mich., will be the matron of honor. Their headpieces are bands of matching satin adorned with flowers. They will carry cascade bouquets of peppermint carnations, stephanotis and ivy.

The bride attendants are Miss Jean Muselman, Cashington; Miss Lila Barnes, Stewartstown; Miss Mylred King, Falls Church, Va.; and Miss Patricia Klepper, Mountville, Pa. They will wear gowns in a shade of orchid and similar in design to those worn by the maid and matron of honor. They will carry cascade bouquets of yellow carnations, stephanotis and ivy.

Robert Shunk, Lansdowne, will serve as best man, and the ushers include: Glenn Muselman Jr., Gettysburg; Jacob Bream, McKnightstown; Robert Minter, North; James Mason, Wynnewood; and Ray Biesecker, Mechanicsburg.

### To Hold Reception

The bride's mother will wear a dress of a shade of grey trimmed with varying shades of pink. Her accessories will be pale pink and she will wear an orchid corsage. The mother of the groom will wear a grey-blue dress of imported French lace over tulle and taffeta, a light beige hat and gloves, blue slippers and bag in the shade of the gown and an orchid corsage.

After the ceremony a reception will be held in the social room of Trinity Lutheran Church, Arendtsville. The room will be decorated in the fashion of a summer garden. The cake will be topped with pink and white tea roses and surrounded with garlands of smilax. Mixed flowers will adorn the table and the mantelpiece will be decorated with white wedding bells and white flowers.

The couple will spend a honeymoon in the Poconos. The bride will wear as her going-away ensemble a moss green suit dress with white accessories and a white orchid corsage. Upon their return they will reside with the bride's mother until early fall when they will move to the Green Ridge Fruit Farm at Orrtanna R. I.

## Suggests U. N. Take Troops Out Of Korea

BOLSOVER, England (AP)—Former Laborite defense minister Emanuel Shinwell suggested today the U. N. command pull its troops out of Korea if South Korean President Syngman Rhee continues to balk at a truce in the fighting.

"If the president of South Korea persists in his attitude," said Shinwell, "and if he believes he can fight it out with the North Koreans, why not let him?"

In a speech prepared for delivery to a Labor party rally, Shinwell questioned whether there was "any reason why the lives of U. N. men should be thrown away in order to satisfy the personal interests of this man."
